

# Scottish House

Invites you to a ***“Diaspora Tapestry Day”***

***“Diaspora” is a Greek word means “the scattering” which so many Scots did over the centuries as they moved to other lands.***  
***(See photos below)***

The Scottish Diaspora Tapestry is made up of over 305 panels which was stitched by folk from 25 countries is an artistic celebration of the influence of the Scots and their culture around the world. It is now on a world tour. It will leave Europe for Australia later this year culminating in Sydney for two weeks from 9th February 2016 before it travels to New Zealand, the USA and Canada.

Come & have a preview of this beautiful work & hear some “stitchers tales” from members of the Aussie group who contributed to the making of the tapestry. Special guests Elizabeth Campbell, Barbara Gurney & Mal Nicolson will tell us about their experiences with the tapestry. We will see some of the work in a slide show and a number of other countries’ contributions as well. The presentation will be followed by a tasty afternoon tea.

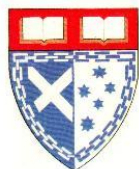

*Collage by Barbara Gurney*

**When: Saturday 13th June, 2015, 1pm - 4pm**

**Where: 62 Railway Pde, Granville, 2142**

First stop Doncaster. After all they built the Flying Scotsman and many another locomotive that made travel to and from England so swift and simple. Research locally was conducted for us by Dr Charles Kelham, City Archivist, who just happens to hold his doctorate from Edinburgh University in Scottish History.
